Do you want something different from the usual workshop or holiday where you're told where to go and what you're going to shoot? Do you or your friends or colleagues have a favourite location or somewhere that you want to capture with great photography? If so, Nigel can work with you to organise a workshop of your choice of 2 days. **Just contact him and ask for a quotation based on your location.**

Where we go

Whether you want to visit a National Park, live or work in one of our great cities, or simply have a favourite spot, **we'll create a workshop specifically for you.**

Areas like Newcastle and the North East for example, provide a great opportunity to easily combine both urban cityscapes and remote rural and coastal landscapes within the same trip.

When we shoot

The itinerary will be agreed with you and entirely flexible. We will probably spend the most time on location to make the most of the workshop, with indoor tuition largely on days when the weather is poor and in any downtime you wish; **but this will be entirely up to you!** Dawn and dusk shoots can be included on each or any day – **if you want them!**

What we include

The trip can be designed to include whatever you need, in both photographic priorities and content, and priced accordingly. For example if you need transport and / or accommodation arranged we can help with this or you can arrange this yourself and we'll just provide great tuition! Remember our costs will need to be covered though and these would be fully agreed with you in advance

Although our courses are essentially outdoor or 'landscape' based, any course participant needing advice on any other aspect or subject in photography need only ask and Nigel will do his best to help and allow time for you to practise your preference or subject during the workshop.

What we charge

We charge a basic day rate as follows:

- **£350** per days tuition for couples
- **£450** per day for tuition for groups from 3-6
- **£700** per day for groups from 7-10 (this allows for a second tutor)
- **£70 / £100** per day for our subsistence / accommodation (all agreed in advance)
- Transport charged at £0.25 per mile to and between destinations
- Flights & other on-costs for overseas trips

He is familiar with many countries in Europe and beyond, particularly the Alps and other mountain locations. He can also advise on great countries and locations to visit.
