

The Mentoring Programme

A unique way to become an expert photographer!

It's all too easy to spend thousands of pounds on photography equipment without developing the necessary skills to make the most of your investment.

The **Creative Photography Wales Mentoring Programme** is a unique and flexible approach to personal development in photography which allows you to learn the skills to make the most of your camera and your creative potential; offering both **Photography Training & Business Development skills** for 1 or 2 booking together.

You may be considering a career in photography or you may be an enthusiast wanting to become the best you can be. Whatever your incentive you'll have access to Nigel's knowledge and experience for a whole year.

What's included in our flexible One Year Programme!

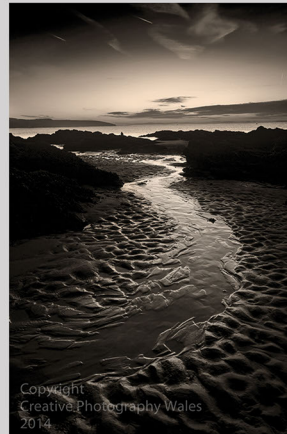

- A personal development programme developed jointly with Nigel
- Up to **10 Days Individual Tuition** over the period of a year; typically be a mix of studio and location based but up to you!
- Up to **10 One Hour On-Line Webinar Sessions**
- Critique of your latest images at any time
- Access to 2 Days training with partner photographers
- Loan of photographic equipment & accessories if needed
- All Course Notes and information including all updates

The 6 month package is as above except for:

- Up to **5 Days Individual Tuition** over the period of a year
- Up to **5 Hour Long On-Line Webinar Sessions**
- Access to 1 Day training with specialist partner photographers

What does it cost?

- The cost for the **Full One Year Package is £2,495** and the **6 month option £1,395.**
- If two wish to book together add 40% to the above.
